Economics 104/104L	Data Science for Economists w/ Lab	Econ 11, 41 , 103/103L

In order to enroll in ECON 11, ECON 41, & MGMT 1A, you must have a minimum of Sophomore Standing (45+ units).

If your Degree Audit Report indicates that you have credit for Econ 1, Econ 2, Math 31A, or Math 31B in the Advanced Placement (AP), International Baccalaureate (IB), or A-Level section, you do not need to take those courses. If you do, you will not receive additional units or GPA credit for them.

If you choose to take either Econ 1 and/or Econ 2 at UCLA, despite already having credit, you must complete it prior to taking Econ 11 in order for the grade to be factored into your pre-major GPA. If you take one of these courses and your grade is lower than the minimum of C required and, as a result, you must repeat the course, it will be considered toward the maximum of one pre-major repeat allowed. This applies to a course completed at UCLA or elsewhere.

* These courses are Impacted Courses. An Impacted Course is one for which demand exceeds the number of seats available. Undergraduate students cannot drop an Impacted course after Friday of the second week of a regular quarter (first week of each Summer Session) for other than exceptionally extenuating circumstances.
