Field Requirements

- **Course work:** Students must pass the 3 of the four courses listed above with a grade of B or better.

**Students must receive a passing grade in their field paper before advancing to candidacy.**

Additional Guidelines

- At the end of the summer every student is expected to advance to candidacy (ATC) by presenting an oral defense of a thesis topic to a committee. That committee should consist of a main advisor, two additional faculty from the economics department and one external member from an outside department. Normally, a thesis topic for macro will build upon on the second year paper. Students are strongly recommended to choose a main advisor at the beginning of the summer. That advisor will guide the student through the ATC process and help pick the other members of the committee.
- **Students are required** to attend the macro pro-seminar
- **Students in macro are required** to attend the macro departmental seminar each week.
